LEGATION REFUGE

A Nice Point of International Law Raised By Killing at Guatemala.

FOUND A SAFE PLACE

Son of United States Minister Kills Private Secretary of the President of Guatemala.

He Then Sought Sanctuary in the American Legation and There He Remains.

Washington, Nov. 22.—The state department has been informed that Godfrey Hunter Jr., son of the United States minister at Guatemala, shot and killed William Fitzgerald of Grand Rapids, Mich. Hunter has taken refuge in the legation and an interesting question has arisen as to his exemption from arrest.

Important details are lacking in the report of the affair which has come to the state department, and the officials are in doubt as to what should be done. They have no notion of surrendering without protest an American citizen to the local courts of Guatemala unless satisfied that the man is a proper subject for punishment. Even then it is not at all certain that the department itself has the right to waive any legal exemption that the man might have. International law lays down the precept that an ambassador or minister may not of his own accord surrender any such exemption in his own case. A closer inspection of the original advice reveals the fact that the only name by which the man was known was Fitzgerald; he had not the Christian name William, as was supposed at first. He was shot four times. Another important fact developed was that young Hunter was accompanied at the time of the shooting by the secretary of legation. This official is set down in the register as being James G. Bailey of Kentucky, who went to his post in June, 1901. The cablegram also, rather by suggestion than by direct statement, gave ground for an inference that the killing was provoked.

Not much is known here of the personality of Godfrey Hunter Jr., and it is impossible to learn definitely whether or not he was actually connected officially with the United States legation at Guatemala City at the time of the killing. That he had been a clerk or typewriter in the legation is established. He was certainly a member of the minister's family and that fact might be regarded as sufficient to base a claim of exemption.

It is suggested here that the shooting affray may have been the result of the recent relief of Dr. Hunter from his post as minister. The doctor has been steadily embroiled with members of the American colony almost since he assumed office in 1897, and lately owing to his connection with a government railway and other matters not supposed to be proper for a minister to meddle with, the pressure became so acute that the department was obliged to relieve him from office. It may be that Fitzgerald was connected in some way with the charges against the minister.

PROBABLE CAUSE

Hunter and Fitzgerald Had Had Trouble Before.

Louisville, Ky., Nov. 22.—Godfrey Hunter Jr., is well known in Louisville. He is about twenty-five years of age and has acted as his father's private secretary at the legation in Guatemala for some time. Young Hunter figured in a social affair in Louisville which was extensively aired about a year ago. Dr. Hunter and his son came to Louisville last winter. Young Hunter was taken seriously ill while here, and for a time his life was despaired of. James G. Bailey, secretary of the legation, is about thirty-five years old and his home is thought to be at Middleboro. He was a candidate six years ago on the Republican ticket for clerk of the court of appeals, but was defeated. Dr. Hunter's oldest son, William, is a resident of Louisville. He has had no information on the tragedy except that contained in the press dispatches.

Fitzgerald, whom young Hunter shot and killed yesterday, made charges about a year ago against Dr. Hunter. He criticized sharply the way in which Dr. Hunter conducted his office, and made some serious reflections on the minister. Fitzgerald, while on a trip to this country, gave out an interview at New Orleans in which he scored Dr. Hunter and young Godfrey severely.

He announced that he would prefer charges against Dr. Hunter at Washington, but the matter was never taken up by the state department.

Record of Fitzgerald.

Grand Rapids, Mich., Nov. 22.—Win. Fitzgerald was born here and was about twenty-seven years of age. Seven or eight years ago he drifted to Guatemala, where he held several different government positions. He is said by his relatives here to have been private secretary of the president of Guatemala for some time past. The last time he was in Grand Rapids was two years ago. At one time Fitzgerald was a parlor car conductor on the Grand Rapids & Indiana railroad.

LAST OBSTACLE

To Peace in Colombia Has Now Been Removed.

Panama, Nov. 22.—Consul General Guder landed from the Wisconsin at 4 o'clock yesterday afternoon, bringing the news that a treaty of peace had just been signed by the revolutionary general, Herrera, and the government commissioners.

General Herrera's action follows closely on the recent surrender of General Uribe-Uribe to the government forces. General Uribe-Uribe has been recognized as probably the foremost of the rebel leaders, and his surrender was a source of great satisfaction to the Colombians, as in their opinion it meant the termination of all organized armed resistance to the government in the interior of Colombia. They feel this last surrender will bring about a cessation of all hostilities on the Isthmus and terminate a war which has ravaged Colombia for several years. The government of Colombia, realizing the menace to its interests which the presence of General Herrera and his army would be to negotiations for the construction of a Panama canal, put forth every effort to bring about his capitulation, and for this purpose a large number of troops has been massed in the vicinity of Panama and Colon ready for active campaign against the revolutionary general should such action finally be determined on.

Once peace has been declared, the Colombian congress will decide regarding the laws for the Panama canal and the elections, and also the paper money question, as it is the wish of the president and of the whole nation.

BLOCKED BY ORATORY

Too Much Talk Complained of in Labor Convention.

New Orleans, Nov. 22.—Arguments long drawn out in support of conflicting claims of jurisdiction occupied the time of the American Federation of Labor yesterday. In the morning it was the row between the woodworkers and the carpenters and between the woodworkers and the piano workers. In the afternoon it was between the longshoremen and the seamen. All the disputes ended in the same manner. Every one was referred to a special committee which is to meet within a given time and endeavor to reach a solution which will be agreeable to both sides. The constant flow of oratory to which the convention has been subjected for the last three days has commenced to wear on the nerves of delegates, and speakers are compelled to keep much more closely to the matter under discussion. One delegate yesterday afternoon, in an attempt to explain why marine engineers should belong to the seamen's instead of the longshoremen's union, branched out into a description of a Labor day parade in San Francisco, "when the seamen's union had 20,000 men in line." He was summarily called to order and told to keep to his text. Earlier in the convention divergences greater than that were frequent and long.

THE LATEST MOVE

Miners and Operators Now Think They Can Go It Alone.

AN UNEXPECTED TURN

Divergent Interests Have Agreed to Get Along Without the Strike Commission.

They Will Now Try to Adjust Their Differences Between Themselves.

Scranton, Pa., Nov. 22.—Owing to a new and unexpected turn in the affairs of the coal miners and operators, the strike commission adjourned today until Wednesday, Dec. 3. This action was taken by request of the miners' representatives and the attorneys of the coal companies, who acted by agreement.

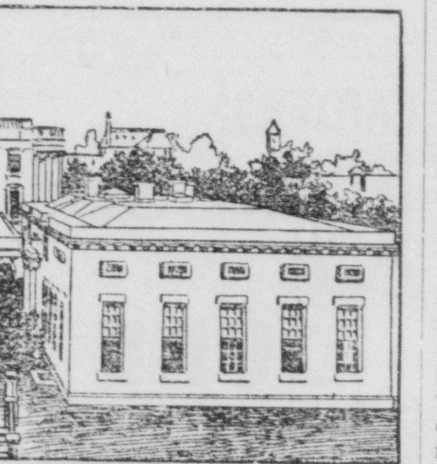

The mine workers, through their representatives, have agreed with the mine owners to attempt to adjust the differences existing between them outside the anthracite coal strike commission. The proposition was made on a compromise basis, and negotiations will be at once entered upon with a reasonable hope of settlement with the aid of the arbitrators. The rough proposition which is to form the basis of negotiations is a 10 per cent increase in wages, a nine-hour day, and trade agreements between the miners and the company by which they are employed. The only one of the four demands not touched upon is that of the weighing of coal by the legal ton. While both sides have expressed a willingness to settle their differences among themselves, it is not to be construed that it carries with it the acceptance of the terms proposed. They are mentioned only as a basis. It is understood, from which a settlement is to be effected. It is possible that the foundation already laid can be wrecked by either party holding out too strongly against some question, and thus leave the whole matter in the hands of the commissioners, who in the meantime will act as a sort of a board of arbitration.

It cannot be officially stated which party made the proposition first. The attorneys for both sides are averse to talking, but those who were inclined to say something, differ in their statements. An attorney for one of the railroads said it came from the miners' side, while one lawyer for the miners said it came from the operators. Another representative of the miners said it was a "spontaneous" proposition. It is generally believed, however, that the operators were the first to make the proposition. Wayne MacVeagh, who carried on such a brilliant cross-examination of President Mitchell is given credit for bringing about the present situation. He went to New York after he finished with Mr. Mitchell and had a conference with certain persons connected with the coal industry, among them, it is reported, J. P. Morgan. He was in New York yesterday in connection with the matter.

The commissioners were informed of the new turn of affairs last night and acquiesced in the proposed arrangement.

EXECUTIVE CONFERENCE

President Calls Solons Together for a Confab.
Washington, Nov. 22.—Several of the leaders in both branches of congress have been invited by the president to call on him at the new executive offices next Monday. He will discuss with them the features of his

forthcoming message relating to trusts and the tariff. The president has called the meeting as a result of one of his conferences with Republican leaders to facilitate the work of the approaching session of congress and pave the way for a reconciliation of any differences that may arise between the two houses.

Held On Suspicion

Pana, Ill., Nov. 22.—Robert Tumbleton of Coffeen was found mangled and dying on the railroad tracks, and A. Craig, who was with Tumbleton before his death, was arrested. Tumbleton gave his name and address to the sheriff before he died. Both his legs had been cut off by a train. A nasty gash in the head leads to the belief that Tumbleton had been assaulted and robbed and then placed on the track. It is said that \$50 was taken from Tumbleton's pockets.

Tragic Death of Mrs. Gore in Paris Remains a Mystery.

Paris, Nov. 22.—The tragic death of the young American artist, Mrs. Ellen Gore, continues to occupy the attention of the police and the staff of the American consulate. The developments of the true inwardness of the mystery are followed with eager interest by the public and have brought forward many who had known Mrs. Gore here and in America, and from them her antecedents were fully obtained. It was developed also that she had been a pupil of the famous composer, Moszkowski, while De Rydzewski was a pupil of Jan Lasalle, the baritone of the Grand Opera. The police branch of the mystery seemingly remains undeveloped and no further light has been thrown on the causes which led to the tragedy or the circumstances attending its enactment. The prefect of police has designated an expert armorer to study the weapon and wound for the purpose of determining the possibility of suicide.

Although many friends of Mrs. Gore called on Mr. Gowdy, none have claimed the body, and he has cabled Attorney Butler of Mexico City, asking as to its disposition.

The family of Dr. Buttner, an American dentist in the Rue de la Paix, furnished details of the antecedents of Mrs. Gore. They had been intimate with the family in Mexico, but did not know her here. They say she lived in California, where she met and was married to Mr. Gore of British Columbia. They removed to Mexico City and became wealthy through land speculations. They built "Gore Court," a large apartment house, and moved in good society. Domestic difficulties led to a separation but not to divorce, and she began traveling to perfect her musical education. The property in Mexico was equally divided between Mr. Gore and his wife, Mrs. Gore's share was of considerable value and yielded her a steady income.

De Rydzewski continues in confinement. The police decline to admit his friends to see him pending inquiries. Mr. Lasalle has undertaken to champion his pupil's interests and has designated two leading lawyers to defend him. Lasalle says the murder theory is untenable, as De Rydzewski is of a tender, sympathetic disposition.

Mrs. Gore's maiden name was Nellie S. Stoddard and her father was a Methodist minister in Ohio who died many years ago.

TRADE CONDITIONS

Favorable Outlook In Most All Directions.

New York, Nov. 22.—Bradstreet's weekly review of trade today says: Favorable conditions still govern the trade situation. The mild, open fall weather is complained of as restricting the movement of winter goods at retail and delaying collections at a few points, but it is not to be forgotten that present temperatures favor the continued growth of the cotton crop and a larger yield than heretofore expected, while it is enabling the railroads to make a far better fight against the prevailing freight congestion than was earlier deemed possible. Export trade returns look better than preliminary reports foreshadowed. Agricultural products, owing to high prices, have gone abroad in smaller volume than expected, but there is evidently a larger movement of manufactured goods.

The railroad situation is certainly a remarkable one. The complaint is no longer of car shortage, or lack of motive power, or even of insufficient yard facilities. The fact is being appreciated that the business of the country offered to the railroads is so large that new measures must be devised to meet new conditions. Among the features brought out in telegrams to Bradstreet's this week is the increased activity noted by jobbers in holiday goods, especially the better grades of jewelry and fancy products. Fancy groceries are also moving more freely.

Iowa Train Robbers.

Davenport, Ia., Nov. 22.—A west-bound passenger and express train on the Rock Island road was held up by twelve masked robbers soon after midnight this morning at a point three miles west of Davenport. The robbers were successful in removing the contents of the safe from the express car. No person was injured. The amount secured is not known.

Dangerous Sleeping Place.
Shelburn, Ind., Nov. 22.—Cleve Zink, nineteen years old, a coal miner of Hymers, was caught by an extra freight. He was sitting on a cattle guard sound asleep, and his right foot was completely severed and his head badly bruised. When found he was unconscious.

Perilous Experience.
Elkhart, Ind., Nov. 22.—John Mather, aged eighty-two, and John Manchester, aged sixty, while walking across the Hatch farm, stepped into a bed of quicksand. Mather went in to his chin and his companion went in to the waist. Both had difficulty in getting out.

Served His Time.
Hartford City, Ind., Nov. 22.—John B. Yeager, brother to Henry Yeager, a farmer, has been released from jail at Torreon, Mexico, where he was confined for a year for the alleged murder of his fireman, with whom he worked on the Mexican Central railroad.

LOVE

Often leads to poverty. No real woman ever sold her heart for the luxuries of life. But many a woman who has gladly faced poverty for the man she loved, may well doubt her wisdom when pain becomes the mate of poverty. If she were rich, she thinks, she could find a way of cure. Dr. Pierce's Favorite Prescription is within the reach of every one. It lifts the burden of pain which weighs down those who suffer from womanly diseases. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"You have my heartfelt thanks for your kind advice to me," writes Mrs. Geo. Fletcher, of 166 Victoria Avenue, Galt, Ontario. "I was troubled with catarrh of uterus for over a year. The doctors said I would have to go through an operation, but I commenced to use Dr. Pierce's Favorite Prescription and Golden Medical Discovery, also his 'Lotion Tablets' and 'Antiseptic and Healing Suppositories.' Now I am completely cured, after using six bottles of Dr. Pierce's medicines. I am glad to say my medicine has made me a new woman."

Weak and sick women, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets are easy and pleasant to take. A most effective laxative.

RIPANS

The simplest remedy for indigestion, constipation, biliousness and the many ailments arising from a disordered stomach, liver or bowels is Ripans Tablets. They have accomplished wonders, and their timely aid removes the necessity of calling a physician for many little ills that are not troubling. They cleanse the system and cure the affected parts, and relieve the sufferer in a general tonic. The Five Cent packet is enough for an ordinary occasion. The family bottle, 60 cents, contains a supply for a year. All druggists sell them.

DR. JOHNSON was a great tea drinker. It used to be said of him that towards midnight, when he had finished his twentieth cup of tea, his conversation was irresistible, his logic unanswerable, he was at his greatest power. How many fluent talkers to-day owe their brilliancy to the invigoration of "original package" tea. If you want to know how clever you can be when you are at your best, try the experiment. Buy a pound of Chase & Sanborn's Package Tea in the original air-tight lead form. It is a native drink.

Farmers Institute.

Arrangements are being completed for the Jackson county farmer's institute to be held Jan. 2 and 3. There will be a fruit session, a soil improvement session and a live stock session. The instructors will be J. W. Billingsly of Indianapolis, Mrs. Florence Ross of Southport and Joe A. Burton, the great fruit grower of Orange county. The evening lecture will be given by Dr. Stanley M. Coulter, of Purdue, on "Nature's Lessons for Farmers." The managers are especially fortunate in securing Dr. Coulter and he will doubtless have a large audience. The institute promises to be the best ever held in the county.

MARRIED.

CUNNINGHAM THOMAS.

Claud Cunningham and Miss Sarah Thomas were married near Marling Wednesday, Nov. 10. They will make their home in the Marling neighborhood. Mr. Cunningham is a brother of Mrs. Oscar Carter and has been making his home there for some time.

TELL—HELLER.

Wm. Tuell, of Vallonia, and Miss Amy Heller, of Brownstown, were united in marriage at the residence of Peter Heller, uncle of the bride, November 19th, by Rev. Dr. Bates. Mr. Tuell is a son of David Tuell, near Vallonia, and was a soldier in the Spanish-American war. Miss Heller is a daughter of Phillip Heller, formerly of Brownstown, but now residing in Cincinnati.

Maloney Confesses.

Robert Maloney who is now in Chicago admits his part in stealing the beef hides from Leidorf's butcher shop a few days ago. He says he saw the hides and thought how easily they could be obtained, but had no intention then of taking them. After he and Henderson began drinking that evening and wanted some money he suggested the matter to Henderson who at once fell in with the plan. Henderson was arrested and is now in the reformatory at Jeffersonville, but Maloney eluded the police although they were almost on his heels several times.

Golden Wedding.

Mr. and Mrs. D. B. Bryan will celebrate their golden wedding Sunday at their home south of Seymour. Preparations have been made for a hospitable celebration. About fifty guests have been invited. Mr. and Mrs. Bryan have been residents here for several years and are held in high esteem by a large circle of friends.

David Easter, of Jennings county, was here today.

About one hundred persons attended a box supper at the Rinehart school house last night.

Mrs. W. W. Scowpire, went to Medora today to visit her mother Mrs. M. V. Wilson.

Mrs. Gus Schobert, of Butlerville, came here today to visit her mother-in-law, Mrs. Mary Schobert.

Mrs. Oscar Caster has been in Ohio and Switzerland counties this week assisting in institute work. She will return home tomorrow.

Mrs. John Wilson, of Jeffersonville, went to Drifwood township, today to see her mother, Mrs. Mary Hess, who is dangerously sick. She is 70 years old.

THE NEW SPEAKER.

Since it seems practically assured that Cannon is to be the next speaker in the National house of representatives, the papers are printing quite a lot of interesting stories concerning his career. The Indianapolis News last evening says:

"Will 'Uncle Joe' Cannon keep on his collar after he has been elected Speaker of the House of Representatives? He couldn't keep it on as chairman of the committee on appropriations. He never got 'warmed up' during the consideration of an appropriation bill without shedding his cuffs and collar. Whenever the word was passed about the Capitol that Cannon had removed his collar, there was hurrying to get to the press gallery, for the newspaper men knew there was 'something doing.' The Illinois man formed this habit of 'stripping for debate' years ago.

"Statistics would probably show that he never won a fight on the floor of the House with his collar on. Years ago he excused the act of removing his collar, but of late years he has not deemed it necessary to apologize.

"A glance through a few pages of the record of the last session of Congress recalls many scenes in which the man who is now slated for the speakership appeared at his best. Most readers will recall how he replied to James D. Richardson, of Tennessee, the Democratic leader, in a speech that consumed only about five minutes. Mr. Richardson had taken advantage of the liberty of debate allowed on an appropriation bill to deliver a carefully prepared political speech.

"Referring to his own party, Cannon said on that occasion: 'We are not perfect and we do not claim to be. We pull the wagon and we do the work, and you find the fault. You have been at that now for over a generation and still we have pulled along. I think we shall pull it for a generation more, and still you scold. We cannot help it. It does you good and I do not think it hurts us.'

"In the light of the recent election and the new honor that is coming to him, his closing words on that occasion take on new interest: 'We have nothing to apologize for. Peace and prosperity abound with us here and everywhere throughout our borders as never before in the history of civilization. Print your speeches, circulate them, go on the stump. I will take my chance that when the silent ballot drops in November next you will march up to the same old defeat.'

"The State of Indiana, Illinois, Michigan and others that had old war claims before the last session ought to feel grateful to the prospective Speaker, because it was his strong plea that secured the allowance of those claims. Speaking with special reference to the Indiana claim, which was under immediate consideration, he said in that convincing way of his: 'It is right in God's chancery, it is right in man's chancery, and I ask for a vote on the amendment.' That from Cannon was enough, and the claims went through. 'One day there was under consideration a bill to sell some Indiana lands up to the Northwest. Cannon didn't like the looks of it, and this is the way he expressed himself: 'The light of things that have been done, not to speak discourteously of anyone personally. I will remind my friend of the old saying that we heard when we were boys—that hell is paved with good intentions.'

"Cannon lost one battle in the last House. He set his foot down good and hard against the proposal to appropriate \$500,000 to reimburse contractors at the Buffalo exposition. The house voted the money. On that occasion he predicted that after the St. Louis exposition there would be another demand on Congress to make good a deficiency.

"Immediately after the Buffalo appropriation had been agreed to, Charleston's request for \$100,000 came up. Cannon made this observation, saying that the appropriation would be made: 'What is the constitution—as another eminent son of New York, who is now out of Congress, said—what is the constitution betwixt friends?'

Center of Population.

When Henry Marr, who lives about six miles southeast of Columbus, goes to his barn lot and steps upon a natively carved slab bearing the simple inscription, "1900," he has 18,650,000 persons to the east of him, 18,650,000 to the west, the same number at the north and 18,649,999 to the south, for he is the center of population of the whole United States.

A marker, which has been located on the road near the Marr farm, is simple, yet impressive in design and bears the inscription:

Center of Population, June 1900
The exact point, 30 degrees, 9 minutes, 36 seconds north; longitude, 85 degrees, 48 minutes, 54 seconds west from this spot north 19 degrees, 4 minutes E., 3,606 feet, designated by a stone marked "1900," near the barn of Henry Marr. The Indianapolis News erected this stone.—Columbus Republican.

Freight Wreck.

A small wreck occurred on the Pennsylvania lines at Edinburg Main street crossing at 1:20 o'clock this afternoon between two freight trains. Fast freight No. 84, in charge of Conductor Louis Saur and Engineer Ollie Roe, ran into the rear of an extra freight No. 8293, in charge of Conductor George Beal, Engineer Gus Deneveler, that had orders to take the siding at Edinburg to let the fast freight go by. The extra was going in on the siding when the fast train ran into it. Engine No. 8430 of the fast train, the caboose and three cars of the extra were badly wrecked, but no one was injured. The cause of the accident is attributed to the failure of the air brakes to work. Wrecking crews were ordered from Columbus and Indianapolis and the track was cleared without delay to the afternoon trains.

To the Public.

Allow me to say a few words in praise of Chamberlain's Cough Remedy. I had a very severe cough and cold and feared I would get pneumonia, but after taking the second dose of this medicine I felt better, three bottles of it cured my cold and the pains in my chest disappeared entirely. I am most respectfully yours for health. RALPH S. MEYERS, 64 Thirty-seventh St., Wheeling, W. Va. For sale by C. W. Milhous.

A Missouri paper tells a good one about two married ladies who were comparing the smart tricks of their offsprings the other day. One said her little girl talked when she was a year old; the other said her little boy could say "papa and mama" when he was three months old. An old bachelor who was in the next room trying to read, "chirped in" and said that wasn't anything wonderful. He read in the bible that Job cursed the day he was born. That settled it, and the ladies adjourned.—Ex.

FRED BURBRINK

Dies of Heart Disease near Jonesville This Morning.

Fred Burbrink, a farmer living about a mile west of Jonesville died suddenly Saturday morning of heart disease. He was a heavy-set, hearty looking man. Some hogs had broken out and he had been driving them back to their lot and probably over-exerted himself. When he went to the house he sank into a chair exhausted. Soon he put his hand to his chest as if he could scarcely get his breath and in that position he died a moment later. He was about 55 years old and leaves a wife and five children. Funeral Monday at an hour not yet fixed.

Miss Hazel Anderson Entertains.

Last evening eighteen of Hazel Anderson's class mates gathered at her home on South Chestnut street and were delightfully entertained at a "penny" social. Questions were given the guests regarding the penny, the one answering the most questions received a prize. Julius Peters and Miss Marietta Sawyer guessing the same number of questions drew straws and the prize was awarded to Miss Marietta Sawyer. The decorations being yellow the home looked very beautiful. A program for the evening had been prepared for part of the entertainment. Refreshments were served and the party returned to their homes at a late hour, declaring Miss Hazel a splendid entertainer.

Willing Workers Entertained.

The Willing Workers of the Christian church were entertained by W. J. Houchen Friday evening. Those present were Aunt Esther Carter, Mrs. L. W. Jones, Mrs. Dr. Riley, Mrs. Dr. Lett, Mrs. Love, Mrs. England, Mrs. Ewing, Mrs. Kelley, Mrs. Marshall, Mrs. A. N. Menden, Mrs. J. T. Foster, Mrs. Moody, Miss Kate Foster, of Deputy, Miss Grace Love, and Miss Grace Covey. M. N. Love drove a free bus and was also entertained at luncheon by the hostess.

DeOnzo Brothers.

D. Onzo Brothers and twenty European stars will arrive tomorrow in their special car, and will Monday night give a first class fashionable Vaudeville performance. As Seymour will not have such an entertainment again this season, all should avail themselves of this opportunity and go.

"Athello" Produced.

At Indianapolis last evening the Shortridge and Manna Training school presented "Athello." Miss Amelia Platter, daughter of Peter Platter, of this city directed the work of preparation which has been on hard ever since last May. The play was by far the most pretentious ever attempted by any high school in Indianapolis. It will be reproduced this afternoon and evening.

Thanksgiving Services.

The pastors of the city churches have arranged to hold separate Thanksgiving services this year instead of the Union meeting that has been held in previous years.

DeOnzo Brothers have just returned from Europe and with twenty other stars will give a fashionable Vaudeville entertainment at Seymour theatre Monday night. Remember this entertainment appeals to the ladies and children, all will see the great strong man.

PERSONAL.

Mrs. Ed. Clendening went to Cincinnati last evening to visit friends.

Mrs. B. Thomas went to Heltonsville, this morning to visit friends.

Mrs. Mary Demunbrum, of Little York, was here last evening to visit friends.

Mrs. Nannie G. Duerig, of Martin county, was here last evening the guest of friends.

John W. Hein, of Vernon township, was in the city today and favored the REPUBLICAN with a call.

Mrs. Charity Flomerfelt of Cincinnati, came down today to visit her son Conductor Harry Flomerfelt and wife.

Mrs. John Love, of South Walnut street, who has been sick for some time with typhoid fever, is reported some better.

Orville Wyman, who has been sick most of the week at the home of his parents on North Chestnut street, is some better.

Dr. W. H. Warner, of Crothersville, returned home this morning after visiting Seymour friends since yesterday morning.

George Patrick of Hamlet, Ind., came here last evening to spend Sunday with his brother-in-law Thomas J. Clark and family.

Mrs. Lon Durham, of Cincinnati, after a visit to Mrs. J. L. Blair and Mrs. Pearl DeGolyer, returned to Cincinnati last evening.

Mrs. Martha Cunningham and her friend, Mrs. Virginia Hays, of near Chicago, went to Brownstown this morning to visit relatives.

Mrs. Dr. Hay, of Chicago, formerly of Charlestown, is spending a few days here with Mr. Martha J. Cunningham and other friends.

Miss Bertha Warner, of Crothersville, who has been visiting this week at Cincinnati, Lawrenceburg and Osgood, is expected at home this evening.

Rev. S. C. Fulmer, of Indianapolis, district secretary for the American Baptist Home Mission Society, spent the day here, the guest of Jay C. Smith.

Simson Vinson, of Marion, came here yesterday to join his wife who has been the guest of Mrs. Julia Craig for several days. They went to Grayford this morning to visit relatives before returning home.

Voting Machines.

It is altogether likely that the question of voting by machines will be introduced in the general assembly next January. The newspapers, with the exception of those which expect to be benefited by the retention of the old system of voting by ballots, are advocating the adoption of the machines. The Tribune has made inquiries of many citizens and in no case has any opposition to the machines been made. That the cost of holding an election will be greatly lessened there is no doubt. The Australian system, while it is immeasurably superior to the old method of voting, has its defects which it is believed would be obviated by the use of machines.

Band Concert.

The Seymour Military Band is arranging to give one of the popular band concerts at the opera house Dec. 15, under the direction of their leader, Prof. Fred N. Johnson. This band is one of the best in the state and has been at work on the program for this concert for about six weeks. The program is being arranged to please all tastes, from the lover of classic music to the popular airs. It promises to be the musical event of the season and will as usual doubtless receive liberal patronage.

California Curios

Mrs. Arthur Graessle who has been spending several weeks with her father, Henry J. Smith, at Chestnut Ridge, has a fine specimen of star fish and a small octopus, the latter preserved in alcohol, which are among curios she has from California. They are fine specimens.

House Burned.

The residence occupied by Darb Pritchard southeast of Seymour in the Marion neighborhood burned one day this week with all the contents. No particulars have been learned as to the origin of the fire. Mr. Pritchard is a renter and the loss of his household goods falls heavily on him.

Meetings Closed.

The revival meetings which has been in progress at Uniontown for the past two weeks closed Friday night. There were six additions to the church. Rev. I. C. Overman, the pastor, conducted the meetings.

Clint Bower, of Clearspring, brought a load of turkeys to town Friday and returned today.

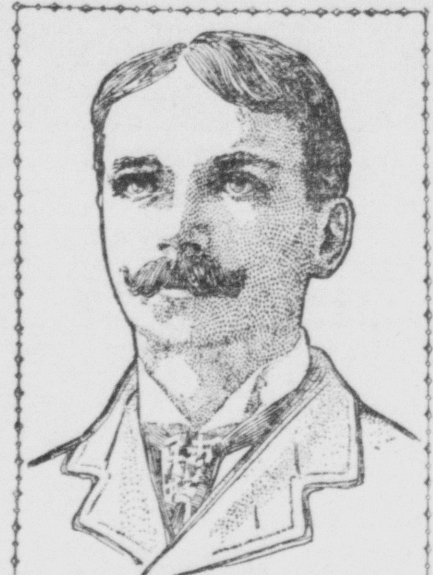

John Stratton, of Campbellsburg, who was here to attend the railroad meeting returned home last night. He is very enthusiastic over the road which will certainly go through his town, Campbellsburg, one of the most progressive in Washington county.

Nearly everyone has more cause for giving thanks than for grumbling; more cause for blessing than for cursing; more cause to be charitable than to be mean and selfish. If every one will seek to do some kind and benevolent act to render thanksgiving day one of happiness to some one else, there will be more real joy in the world about them than there has been before. Help some one in need, if you want a blessing yourself.

Inclement Weather Brings Coughs, Colds and Catarrh.

Inclement weather begins when autumn ends. The great objection to our climate is that it alternates between the heat of the tropics and the rigors of the Arctic.

The system becomes relaxed by the effects of the heat, and the first cold snap of winter sows the seed of thousands of cases of chronic catarrh which in a large per cent. of cases will end fatally.

President Wm. Ubelaker Uses Peruna as a Safeguard Against Inclement Weather.

Wm. Ubelaker, President of the Lake View Lodge of Foresters, writes from 2327 North Clark St., Chicago, Ill., the following letter:

The Peruna Medicine Co., Columbus, O.:

Gentlemen—For years past when I have been exposed to wet or inclement weather, my chest would hurt me and I would have serious indigestion, and I would be laid up for a day or two, causing inconvenience and pain.

One of my lodge friends advised me to try Peruna, as it had helped him, and I found that a bottle cured me.

If I feel badly now I at once take two or three doses, and I find it keeps me in fine health. Peruna is worthy of every one's confidence.—WM. UBELAKER.

It is only just ordinary good, common sense to provide against inclement weather. If you have the slightest cold, cough, sneezing, or any other indication that you are "under the weather," a few doses of Peruna will put you right.

Congressman Horace G. Snover, of Port Austin, Mich., writes from House of Representatives, Washington, D. C., as follows:

"I have found Peruna a very efficient and speedy remedy for a persistent and annoying cough resulting from catarrhal trouble."—Horace G. Snover.

Mrs. Lavina E. Walker, who holds the highest state office of the Ladies of the Illinois G. A. R., which is Department Chaplain, writes the following letter:

WESTERN SPRINGS, ILL.

The Peruna Medicine Co., Columbus, O.:

Gentlemen—"You have my sincere gratitude for placing before suffering women a medicine which has proven such a blessing as Peruna has.

"I have used it myself when much worn out, and found most gratifying results, and a number of the women of

MRS. LAVINA WALKER.

our Order suffering with weakness peculiar to women, have been wonderfully helped and cured by Peruna."—Lavina E. Walker.

WEAK LUNGS

Weak lungs are mostly due to a neglected cough. Only a small percentage of the millions who have consumption inherit it. A slight cold, a tickling or hacking cough is the beginning, and after it has reached a certain advanced stage there is no ending except the grave. Any case of consumption that is curable; that is, any one having consumption whose family or friends still hold on to a ray of hope, may take comfort in the knowledge of the fact that One Minute Cough Cure will give instant relief and finally cure. This famous remedy does not pass immediately into the stomach, but lingers long in the throat, chest and lungs, producing the following results:

- (1) Relieves the cough immediately.
- (2) Makes the breathing easy.
- (3) Cuts out the phlegm.
- (4) Draws out the inflammation.
- (5) Kills the germs (microbes) of disease.
- (6) Strengthens the mucous membranes.
- (7) Cleans the heart.
- (8) Relieves the feverish conditions.
- (9) Removes every cause of the cough and the attack on the lungs.
- (10) Enables the lungs to contribute pure life-giving and life-sustaining oxygen to the blood. Cures Croup and all Cough, Lung and Bronchial Affections.

CONSUMPTION CURED.

"My physician told me one year ago that I would die of consumption inside of a year. I commenced taking One Minute Cough Cure for my lung trouble and I cured me. I have gained 20 pounds and I am a pretty lively 'dead woman.' One Minute Cough Cure saved me." MARY F. SULLIVAN, Grand Rapids, Mich. Pleasant to take. Good for Children. Good for every body. For Coughs, Colds, Croup, Whooping Cough, Bronchitis, Asthma, Pneumonia and all Throat and Lung troubles no remedy is so good as

Secrets of Coffee Making.

Experiment has disclosed the fact that one-fourth of a teaspoonful of medium strength vanilla added to the last thing before serving to enough coffee for four persons improves it 50 per cent. The secret of perfection is to use enough vanilla to cover the strong coffee flavor, yet not enough to be detected.

A pinch of salt in coffee has long been my secret for a certain delicate flavor that every one likes, but I did not know until recently that I had in some mysterious way stumbled upon the modus operandi which has made the coffee of Norway "superb." In that country the coffee is roasted fresh every morning in a covered shovel kept in constant motion over the fire. A bit of salted butter added after the roasting process is begun gives it an indescribable flavor as delightful as it is subtle.

The French, too, have made their reputation for excellent coffee by using butter while roasting it. A piece of butter the size of a walnut, with a desiccated spoonful of powdered sugar to three pounds of green coffee, is the proportion used. This is said to bring out both flavor and aroma, and, moreover, gives the slight caramel taste which tourists remember to have enjoyed nowhere but in France.—Wheat to Eat.

Women as Doctors.

To go back as far as the end of the thirteenth century, a woman named Protula was professor of the art of healing at the University of Salerno, and an old certificate in the archives of Paris shows that it was a woman who was called upon to prescribe for Louis IX. In the seventeenth century Oliva del Sabuco, a Spanish woman, was considered an excellent doctor, and a hundred years later Anna Manzolini, an Italian, was professor in a medical college in Milan. Two other well known woman doctors were Barbara Weinstadthelm, a German woman, and a Swedish woman named Christine Erskelen. In these days the United States boasts of more women doctors than any other country. England follows next.

A Good Cricketer.

Dr. W. G. Grace was once giving a brilliant batting display at the oval, and one of the spectators observed to his friend: "Did you ever see anything like it? Why, he puts 'em wherever he likes." "Well," said the other, "it's all practice—he's always at it—he doesn't waste any of his time over family prayers."—C. W. Alcock's "Cricket Stories."

Not to Blame.

"Delia, this is no way! The dirt in this room must have been here a month." "Then blame the girl before me, ma'am. I've only been here three weeks."—Exchange.

Jumped on a Ten Penny Nail.

Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second half way through Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Portland Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one-third the time required by the usual treatment.—For sale by C. W. Milhous.

Insomnia Remedies.

However hopeless you may consider your case, be slow to try to drugs for relief from insomnia. A rubber bag full of broken ice applied to the back of the neck and a hot water bag at the feet are highly recommended as a remedy for insomnia even in obstinate cases. The circulation is equalized by this treatment.

The secret of hot milk cure also recommended for sufferers from insomnia lies in sipping the beverage. The act of slowly swallowing the liquid is soothing in its effect and generally produces the much desired drowsy feeling which leads to the coveted sleep.

Women as Well as Men

Are Made Miserable by

Kidney Trouble.

Kidney trouble preys upon the mind, dispirits and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also pamphlet telling of Home of Swamp-Root, including all that, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

NEW STATE NORMAL

Bill For Such An Institution Will Be Actively Pushed.

Indianapolis, Nov. 22.—Anderson wants a state normal school and will go into the next legislature to get it. The city's claims will be pushed by its senators—William A. Kittinger and Edgar E. Hendon. The latter will prepare a bill on behalf of the school superintendents' association providing for the institution and asking a sufficient appropriation. The bill will have to be introduced in the house, as it carries with it an appropriation, but the two Anderson senators will champion it from the start. Senator Kittinger, who was one of the Republican leaders last session, admits that Anderson is getting right after the school. But it looks as if others are "going right after the school," but in entirely different way, as they propose to kill the proposition right at the start. This, however, may be difficult, although a majority of the Republican members seem to be against the recommendation of the school superintendents. Today it was learned that the fate of the bill may eventually depend largely on what is the outcome of the bill for the separation of the woman's prison and girls' industrial school here. If the latter passes, a large appropriation will be necessary, which would shut out the normal school project altogether. The fate of the proposed epileptic village depends largely on what is done in the woman's prison matter. At this time it looks as if the woman's prison bill will pass and the normal and epileptic bills will be defeated.

Lieutenant Governor Gilbert is busier

than usual these days, as he is getting ready for his share of the work of the legislature. As president of the senate he occupies a difficult and responsible position. But what is occupying his time most now is the make-up of the committees for the senate. He says that he has not made any selections, but it was learned today that a number of members know pretty well what they are going to get. And a majority are not at all backward in making their wants known. It is said that Senator Parks of Plymouth may be chairman of one branch of the committee on judiciary and that Senator Thompson of Indianapolis will be chairman of the other. Senator Burns of South Bend may be chairman of the committee on corporations and Senator Goehner, of North Manchester may be at the head of the committee on cities and towns. All of the members are playing for desirable places.

The suggestion of a compulsory voting

machine law for Indiana received quite a boom from the meeting of the Republican senators, a majority of whom seemed to favor it. A number, however, refused to commit themselves in favor of machines because they were not certain that machines were practical or large enough for Indiana ballots. Still others thought their counties would not have them support the bill because the purchase of machines would mean a large outlay. But the old-time politicians in the crowd seemed almost unanimous in support of the machine proposition, as they declared that the people will never learn to vote under the Australian system. There is no doubt but that the voting machine bill will occupy a prominent place during the coming session.

Sidney Conger of Shelbyville was

here today mingling with the politicians, among whom he is a familiar figure. Conger's name has been connected with the stories regarding the governor and the Jeffersonville reformatory board as the man the governor had slated for A. T. Hert's position, but he said that the governor had never mentioned the place to him and so far as he knows, never had him in mind for it. The governor and Conger are fast political and personal friends, and it is understood that Conger may be appointed oil inspector the first of the year, but so far as the wardenship is concerned, he is not or never has been an applicant for it.

Accidents to Huntsmen.

Old Feud Revived.

Hamlin, W. Va., Nov. 22.—Wayne Brumfield was instantly killed near Guyan Falls yesterday during a pistol duel with Henry Tiller. Twenty years ago the fathers of these two men engaged in a shooting affray which resulted in Tiller being killed. Yesterday's trouble is traced to the old tragedy.

Big Lumber Blaze.

Norfolk, Va., Nov. 22.—One million feet of lumber, the entire kiln system, and much valuable machinery of the Tunis Lumber company, was destroyed by fire last night. The loss is estimated at \$50,000.

Train Robber Convicted.

Knockville, Tenn., Nov. 22.—Harvey Logan has been found guilty on ten counts charging him with complicity in the robbery of the Great Northern express train in Montana.

GHOSTS

Science who is the true Jack the Giant Killer plays also a more important role as Jack the Ghost Killer. Year after year science lays a certain number of ghosts which of old time have haunted the paths of life and gibbered warnings of disaster which have paled healthy cheeks and chilled warm blood. Has not the young woman seen that hollow-eyed, sunken-cheeked ghost of broken-down womanhood who walks seeking her oldtime health and beauty, and moans perpetually, "lost! lost!"

Science has laid that ghost forever. It used to be a part of a woman's creed that she was born to suffering; that womanly diseases must in general be accepted as a curse laid upon her, and that walking in the very path which nature ordained, she must perforce sacrifice health and beauty to love and duty. Science in the form of Dr. Pierce's Favorite Prescription has long ago disproved such a theory, by curing the womanly diseases which undermine the general health and which make the cheek hollow and the body thin.

"I had been a sufferer from inflammation of ovaries for six years, and doctored with good physicians, receiving only temporary relief," writes Mrs. B. W. Starkweather, of Despatch, Monroe Co., N. Y. "For nearly two years of that time I had falling of uterus and general female weakness. In December last I was obliged to go to bed, and suffered everything for about ten weeks. The doctor said the only help for me was an operation, so my husband wrote to Dr. R. V. Pierce for advice. He advised my taking his 'Favorite Prescription.' I did so and could see a change after taking three doses. In about three days I was sitting up in bed, and in a week's time I had my clothes on. Am getting better all the time, and I have not felt so well in years—thanks to Dr. Pierce."

Weak and sick women are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

If you are led to the purchase of "Favorite Prescription" because of its remarkable cures of other women, do not accept a substitute which has none of these cures to its credit.

COMMON SENSE is the key note of Dr. Pierce's famous work, the **Common Sense Medical Adviser**. The book contains more than one thousand large pages and is sent FREE in cloth binding for 31 one-cent stamps to pay expense of mailing ONLY. For paper covered book send only 21 stamps. Last winter an infant child of mine

had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist, of Fife, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by C. W. Milhous.
